

Good Luck! 😊

- 🌀 School Administration will begin to contact new students who need to take the placement test in August.
- 🌀 The purpose of this written test is to reflect the true level of a participant's Chinese proficiency, and the setting is quite casual. All the questions come from the textbooks taught at SDCA. Pre-test prep is not required or necessary.
- 🌀 In addition to the test, School Administration will also talk to the parents to learn more about the students' background and learning needs/goals.
- 🌀 School Administration will determine the best Class Placement for each participant based on test result and information obtained from the interview with the parent(s).
- 🌀 Feel free to contact Amy Sun, Principal, at 858-205-7322 if you have any more questions about the test.
