

*SDCA PTA Presents*

## *“The Road to Dream College” Seminar*

How early should my child start to plan for college? Are college visits really necessary? What should my child do for the summer, part-time job, internship, volunteering, leadership camps, or just relax (kidding)? Any tricks in the college application process? What is a good balance between GPA, extracurricular activities, and volunteering work? How can my child get into his/her (not my \*wink\*) dream college?

If you have ever wondered about these questions, come to our **“The Road to Dream College”** Seminar. This seminar is intended to take an in-depth look at the college preparation and application process from the views of the applicants. We have assembled an impressive panel of current college students and high school seniors who are holding fresh-off-the-printer admission letters from some of the most prestige universities.

**All SDCA parents and friends are welcome to attend the seminar.** Please record your college preparation related questions here: <http://goo.gl/forms/T6WRk9k8kD> . These questions have priority for panel discussion should time becomes stringent.

**Date & Time:** Sunday April 17<sup>th</sup>, 2pm – 4pm

**Place:** Community Hall  
La Jolla Country Day School  
9490 Genesee Avenue, La Jolla
